Over **50 Years of Experience**  
and a **Reputation for Excellence**

**gillanders**

CONSTRUCTION INC.

In over 50 years of experience, Gillanders Construction Inc. has acquired a reputation for excellent general construction services with an emphasis on quality interiors. Over the years we have set and developed standards that still define the industry. Exceeding demands and expectations is the reason why Gillanders has developed repeat business with a wide range of clientele.

Gillanders Construction Inc.'s past and present reflect a company that strives for excellence. Experience combined with professionalism, dedication and pride in workmanship, is the key to the company's ability to satisfy the needs of its many diverse clients.

Gillanders' commitment to the environment is second to none. We strive to point out steps that can be taken on all projects to minimize the environmental footprint of any given reconstruction. As we work with proven guidelines such as those outlined through LEEDs our efforts consistently meet and exceed the expectations of our clients. Consequently, we strive to involve the client at all decision crossroads so that there are no surprises at any stage of the process.

Working with new technologies and incorporating them into day to day management allows Gillanders to fast track projects to meet deadlines and within budget. Be assured that your project is our foremost priority and we will work hard to ensure you witness that through our work.

Thank you for your interest in our organization. By entrusting your work to Gillanders, you can be assured that you are working with the leaders and the most trusted name in commercial interiors in the industry.

SINCE 1956

Our mission is to be recognized as the industry leader, delivering unparalleled project and construction management services while ensuring quality, integrity, value and service.

Gillanders' goal is to consistently exceed our clients' expectations by developing positive relationships and becoming the preferred service provider for future projects.

The success of our clients' projects is Gillanders' measure of our own success.

50<sup>+</sup> Years of

Experience

providing the utmost in

Excellence

Gillanders offers clients a range of services that best suit their specific requirements.

- **Project Management** is the comprehensive management of all aspects of a client's project from conception, commissioning, furniture installation, and move coordination (includes construction management project close-out).
- **Construction Management** offers many distinct advantages over the traditional general contracting method. By becoming involved in the early stages of the project, the clients benefit from value added engineering and pre-selection of the construction management team.
- **General Contracting** is the traditional method of tendering and awarding a lump sum contract which is still preferred by some clients.
- **Move Management** is often an overlooked but necessary component of a successful project. A smooth transition from old to new premises or relocation of staff during phased projects needs to be managed carefully to minimize business disruption and employee inconvenience.

*For more information visit us at [www.gillanders.com](http://www.gillanders.com)*

You can be assured that working with Gillanders ensures the highest quality of workmanship with no details left to chance.

Our commitment to excellence has provided us with many repeat clients in a variety of fields including:

- Financial Institutions
- Legal Firms
- Corporate Offices
- Advertising Agencies
- Professional Services
- Property Managers
- Associations
- And many more!
